

Data protection guidelines

Protecting your privacy when processing personal data, is very important to us.

If you visit our website our web server automatically saves the IP of your Internet Service Provider, the webpage from which you visit us and those web pages you visit as well as the date and duration of your time on the site. This information is necessary for the technical transmission of the web pages and the secure operation of the server. No personal analysis of this data is undertaken.

If you send us data in a contact form, this data will be saved for the purposes of data security, on our server. Your data will be used solely for the processing of your request. Your data will be treated in the strictest confidence.

Your data will not be passed on to third parties.

Do you have questions?

If you have questions regarding your data, please contact us in the strictest confidence at:
